

A diagram illustrating a process hierarchy. A blue box labeled 'main' is positioned at the top left. Below it, three boxes are arranged horizontally: an orange box labeled 'T1', a green box labeled 'T2', and a yellow box labeled 'T3'. The 'main' box is connected to the 'T1' box by a vertical line. The 'T1' box is connected to the 'T2' box by a vertical line. The 'T2' box is connected to the 'T3' box by a vertical line. The boxes are arranged in a staggered fashion, with 'T1' starting at the same horizontal position as 'main', 'T2' starting at the same horizontal position as 'T1', and 'T3' starting at the same horizontal position as 'T2'.
